

## SAINT MICHAEL'S COLLEGE

### Graduate Programs in Education

#### Capstone Methodology Approval Form

Student's Name: \_\_\_\_\_

I have pre-registered to take *GED 699: Capstone Seminar in Education* in the \_\_\_\_\_ semester of 200\_\_\_\_.

**Please note:** Before registration into GED 699 is permitted, students must have their research methodologies approved by the Capstone instructor. **Please submit this form with your methodology to the Capstone instructor before the initial class meeting.** (Capstone meets once in the semester before the course is offered. Consult the Web site at [www.smcvt.edu/graduate](http://www.smcvt.edu/graduate) under "Courses & Registration" for the first class date.) For questions, contact Karen Abbott, Program Assistant, Saint Edmund's Hall, Room 317, [kabbott@smcvt.edu](mailto:kabbott@smcvt.edu), 802.654.2649.

Your methodology should include as much as possible. Examples include surveys, interview questions, description of observational techniques, list of documents (i.e.: school records) and a timeline. The timeline includes such items as the dates you will begin and end your data collection, the interview and survey dates, when you'll gain entrance into the setting, and obtaining permission to work with minors.
