Application for Approval of Honors Senior Capstone Project.

Return the completed form to: Dr. James Byrne, Honors Program Director, STE 361 (PO Box 111).

Fall 2015 Deadlines:

1) Initial statement of intent: Tuesday September 8: submit this completed form plus course syllabus and a short description of proposed Capstone Project.

2) Final Full Proposal: Tuesday October 6 or before. This submission should include a revised form signed by the faculty mentor, a full and detailed description of the Capstone Project, progress made so far, projected outcomes, and arrangements for presentation of the results (for example, an in-class presentation or report). Please submit the full proposal as early as possible before October 6.

The October 6 deadline is absolute; proposals submitted after this deadline will be rejected.

Student Name and Graduation Year: ____________________________________________________________

Student I.D. #: ___________________ Student Email: _____________________________________________

Faculty Name: ______________________ Course Number and Name: ________________________________

Please attach a hard copy of the relevant Department or Program Guidelines for Honors Capstone projects. You can find your specific Departmental or Program Guidelines on the Honors Program page of the SMC website (under the Senior Project tab). Refer to the Guidelines in the Honors Program Handbook (section III) for more information on the Capstone Project.

To be completed by Faculty Instructor:

_________________________ (student name) is in process of completing the Senior Capstone Course or its equivalent. Upon successful completion, the Senior Capstone Honors Program requirement will be satisfied.

Faculty Signature: ___________________________ Department or Program

At the end of the course, and completion of the Capstone Project, the student will submit a summary abstract of the Honors Project in digital file form to his/her Faculty Instructor (max. 2 pages), who will forward it to the Honors Program Director.
