

One Hundred Fourteenth Commencement

May 16, 2021

President's Message to the Class of 2021

Commencement is a time to observe and celebrate the culmination of many years of your hard work. Completing a degree is an achievement to celebrate under any circumstances, but doing so under the pandemic conditions of the past three semesters is something of which you all should be especially proud. Your liberal arts education at Saint Michael's is exactly what you need to meet a future you couldn't have imagined. Know that your time and effort here at Saint Michael's College have prepared you to face what lies ahead with curiosity, faith, courage, and resilience.

Your education has fostered your natural curiosity to understand the world's interconnected parts, past and present, and it will enable you to envision future solutions. Your education at Saint Michael's College will serve you over a lifetime in a rapidly evolving world, making you ready to adapt and pivot, take advantage of new opportunities, and meet new challenges. Never lose that curiosity.

Your interactions with the Edmundites might have inspired you to understand and think more about faith—your own and that of others. Perhaps their examples of faith in action connected you to a service opportunity, and now, uplifting others will always be a part of who you are. Continue to explore what inspires your faith.

As part of your experience here, you had to engage with new ideas, meet new people, and push yourself to new levels of understanding. You may have tried ice climbing, saved a life as a first responder, learned planting and harvesting skills on our farm, or explored an entirely new discipline outside of your major. Above all, just living through the current crisis has been life-altering for each one of you and for our entire Saint Michael's College community. All of this required courage and resilience.

Lastly—you arrived here knowing maybe only a few people, and you leave here connected to friends who shared your journey of courage, resilience, faith, and curiosity. Many of these friendships will last you a lifetime. Remember them, and remember Saint Michael's College. You will always have a home here.

Recessional

Patrick N. Brown, PhD M'85

Doctor of Humane Letters, *honoris causa*

Active for many years as a partner in programming at Burlington's Howard Center and a longtime lecturer at the University of Vermont, Patrick Brown M'85, founder and executive director of the Greater Burlington Multicultural Resource Center, also has been one of the most active members of the greater Burlington community as an advocate and educator on diversity issues and initiatives. He came to the area in the 1980s as a Saint Michael's master's student, via his native Jamaica, and later undergraduate studies at Concordia University in Montreal, eventually earning a doctorate in educational leadership. He led efforts to recognize Dr. Martin Luther King, Jr. in Vermont, and continues to organize events and actions to extend that legacy. He also was key organizer of Nobel Laureate Archbishop Desmond Tutu's historic visit to Vermont in 2005. Dr. Brown has won prestigious awards for his work, including the City of Burlington Dr. Martin Luther King, Jr. Award, a Lifetime Achievement Award from the Burlington School District, and the Antonio B. Pomerleau Medal of Honor. He also ran a Caribbean restaurant in Burlington for a time, is deeply involved in Burlington's arts and culture scene, and has been an adjunct lecturer at the University of Vermont in the College of Agriculture and Life Sciences since 1999, with past appointments in Education and Arts and Sciences there.

Rev. Michael Cronogue, SSE

Doctor of Humane Letters, *honoris causa*

The Rev. Michael Cronogue, SSE, was a dynamic and popular priest in the Saint Michael's Edmundite community in the decades preceding his sudden death in 2016 at age 68. Known to the community as Father Mike, he was the founder of MOVE (Mobilization of Volunteer Efforts), the longtime campus organization for local, domestic, and international service work. By graduation, over 70 percent of Saint Michael's students participate in MOVE. A Connecticut native, Fr. Mike earned a bachelor's in engineering at Northeastern University in Boston, and later, a master's in theology at the University of Saint Michael's College in Toronto, Canada. During his decades in Campus Ministry, he worked diligently and generously for peace and social justice, teaching Saint Michael's courses in those fields while touching countless lives with small kindnesses. His service to others included time at the Edmundite Missions in Selma, AL, early in his priesthood, and long years volunteering at Burlington's Ronald McDonald House. For the Society of Saint Edmund, he served as Local Superior, General Councilor, Superior General, Director of Formation, and Vocation Director. He also served as a College Trustee. Each Christmas, he enthusiastically organized a popular gingerbread house activity for the community, a tradition that continues in his memory. His popularity led to recent fundraising in his name of over \$1 million. The newest residence building on campus will be named Cronogue Hall to honor his legacy.

A BRIEF HISTORY OF SAINT MICHAEL'S COLLEGE

Saint Michael's Institute was founded in 1904 at Winooski Park, Vermont, by members of the Society of Saint Edmund. These priests and brothers, known as Edmundites, took Saint Edmund of Canterbury, the 13th-century Archbishop of Canterbury, as their patron saint. Saint Edmund led a rich and varied life, teaching at universities in Oxford and Paris, and playing an instrumental role in the construction of Salisbury Cathedral. His final resting place in Pontigny, France, is where the Society of Saint Edmund first began its ministry in 1843. The Edmundites came to Vermont via Canada in the late 19th century, after French social and political developments dispossessed many Catholic institutions. They bought the land where today's College stands from a local farmer, Michael Kelly, turning the original farmhouse into what is now Founders Hall.

As the school developed into an American-style college, the farmland became a campus. Founders Hall (1904), the only building in the early years, was later supplemented by Jeanmarie Hall (1921). Saint Michael's grew gradually in its first forty years, reaching an enrollment of about 250 students by the end of World War II. After the war, with the return of military veterans, the College's enrollment expanded dramatically to some 1,145 students. Barracks acquired from nearby Fort Ethan Allen served as classroom buildings, the library, and student residences. The Saint Michael's Playhouse, started in 1947, continues to bring professional summer theater to the community, as well as a range of educational opportunities, including backstage internships for Saint Michael's undergraduate students.

The College first followed a curriculum deeply rooted in the classical European liberal arts tradition, including mandatory Greek and Latin. In 1951, the dean and future president, Reverend Gerald E. Dupont, SSE, initiated the Saint Michael's Plan, which focused on the intellectual growth of students through studies informed by Catholicism while meaningfully engaged in the secular world. Saint Michael's became fully co-educational in 1971.

Since the 1950s, Saint Michael's facilities have grown to include a number of fine brick buildings of a consistent style. The integrated intellectual and religious character of the College is symbolized by the central green, anchored by the Chapel of Saint Michael the Archangel (1965) at the east end, and Durick Library (1968) at the west end. Other major buildings include Cheray Science Hall (1949), Vincent C. Ross Sports Center (1973), Tarrant Recreation Center (1994), McCarthy Arts Center (1975), Alliot Hall (1960), Dion Family Student Center (2013), and Aubin residence hall (2013), as well as the original quad residence halls – Ryan, Alumni, Joyce, and Lyons – and four sets of townhouses. Three modern, suite-style residence halls – Cashman, Pontigny, and Canterbury – opened in the early 2000s. Alongside those three halls is a new apartment-style residence that opened in the fall 2016 semester. It reflects the College's commitment to reducing its carbon footprint by incorporating energy-saving "green" technology into its design. In 2019, a successful fundraising effort, led by the Society of Saint Edmund's generous matching gift, raised \$1 million to name this newest residence hall after Father Michael P. Cronogue, SSE, who died in October 2016.

Saint Edmund's Hall (1987) provides superb classrooms and faculty offices. The Hoehl Welcome Center (2003) provides a first stop and greeting place for prospective students and their families. In 2006, the Fire and Rescue squads moved with Public Safety into the Robert E. Sutton '66 Fire and Rescue Station. The Antonio and Rita Pomerleau Alumni Center (2009), which incorporates sustainable technology, houses the Office of Alumni and Parent Relations and provides meeting and function rooms for Saint Michael's graduates.

RECENT ACCOMPLISHMENTS

The Edmundite community transferred major responsibilities for the operation of Saint Michael's College to lay leadership many decades ago. However, their presence on campus remains an inspiration and guiding spirit for the institution's Catholic character. In its second century, Saint Michael's has continued to educate students to serve our community with the faith, promise, and purpose that is our legacy.

In 2003, Saint Michael's was invited to join the elite group of colleges and universities that shelter chapters of Phi Beta Kappa, the nation's most prestigious academic honor society. Recent graduates have been named Rhodes Scholars, Pickering Undergraduate Fellows, Fulbright Scholars, and in recent years, a student was a Goldwater Scholar, the most competitive recognition for an undergraduate science student in the United States. In 2018, Saint Michael's was named a top producer of Fulbright scholars. Saint Michael's continues to be an official "Peace Corps Prep Site" for undergraduates, and was ranked in 2016 among the top "Volunteer-Producing Colleges and Universities" for our size. In 2018, Saint Michael's was awarded the largest scholarship grant in the College's history, a nearly \$1 million grant to help train scientists, mathematicians, statisticians, and computer scientists. The College has recently introduced new majors in Neuroscience, Data Science, Statistics, Public Health, Health Science, and Criminology, expanding opportunities for its students. In 2019, the College launched the Center for the Environment with the aim of bringing the best of a Saint Michael's liberal arts education to bear on the issues of the environment, sustainability, and stewardship.

Saint Michael's was named a top college in the 2020 *Princeton Review's Best 384 Colleges*. The College was also named in the 2019 *Kiplinger's Personal Finance Best Values in Private Colleges*, and is named among *The Princeton Review's Green Colleges for 2019*. In the spring of 2017, Saint Michael's College was recognized for its consistently high graduation rate, and was invited to join the country's most prestigious institutions in the American Talent Initiative – an alliance dedicated to expanding opportunity and access for low- and moderate-income students. In 2019, Saint Michael's became one of just 53 colleges to partner with the Cristo Rey Network, a network of rigorous, Catholic, college preparatory high schools across the country.

THE SAINT MICHAEL'S COLLEGE MACE AND PRESIDENTIAL INSIGNIA

The College mace is carried by the Grand Marshal in each academic procession. The mace was designed and crafted by the late Roy A. Kennedy, professor of fine arts. The head of the mace is crowned by a figure of Saint Michael the Archangel seated on the earth, and the base of the staff features the cross of the Society of Saint Edmund.

The College's presidential insignia is worn by the president at formal academic events. It is a necklace bearing a large medallion depicting the official seal of the College. Along the chain upon which the medallion is suspended are smaller discs bearing the names and terms of office of all of the College's presidents.

The color of the Saint Michael's College presidential robe is purple with black chevrons edged in gold.

ACADEMIC REGALIA

The cap, gown and hood are prominent symbols in academic ceremonies such as a Presidential Inauguration or Commencement, and date back to European and British universities of the Middle Ages. The cap and gown indicate that the wearer has graduated from a university or college. The hood shows the degree the wearer holds.

The Intercollegiate Commission has established a code that regulates the academic costume. Bachelor gowns have pointed sleeves and are generally worn closed. Masters' gowns have long, oblong sleeves and may be worn open or closed. Doctors' gowns have bell-shaped sleeves each bearing three horizontal velvet bars. Down the front, Doctors' gowns have velvet facing. The velvet facing and sleeve bars may be either black or the color distinctive of the wearer's department of learning. Those holding the doctoral degree may also choose a doctoral gown in the colors of the university from which the degree is granted, rather than the more common black gown, hence some of the more colorful examples in today's academic procession. The brilliant crimson of Harvard University, orange from Syracuse, brown from Brown University, and green from Michigan State and Dartmouth are worn by some members of the Saint Michael's faculty and staff.

Caps worn with the bachelor's and master's gowns generally have a black tassel; the doctor may wear a gold tassel. Gold tassels are also worn by bachelor's degree recipients who have achieved Latin honors in their overall programs of study.

Hoods are normally black, with a colorful lining indicating the color or colors of the college or university conferring the degree. Purple and gold are the colors of Saint Michael's College. The hood is bordered with velvet; the color of the velvet represents the department of learning. The colors associated with academic subjects appear below.
