

President's Message to the Class of 2022

Commencement is a time to observe and celebrate the culmination of your many years of hard work. Completing a degree is an achievement to celebrate under any circumstances, but doing so under the pandemic conditions of the past two years is something of which you all should be especially proud. Your liberal arts education at Saint Michael's is exactly what you need to meet a future you couldn't have imagined. Know that your time and effort here at Saint Michael's College have prepared you to face what lies ahead with curiosity, faith, courage, and resilience.

Your education has fostered your natural curiosity to understand the world's interconnected parts, past and present, and it will enable you to envision future solutions. Your education at Saint Michael's College will serve you over a lifetime in a rapidly evolving world, making you ready to adapt and pivot, take advantage of new opportunities, and meet new challenges. Never lose that curiosity.

Your interactions with the Edmundites might have inspired you to understand and think more about faith—your own and that of others. Perhaps their example of faith in action connected you to a service opportunity, and now uplifting others will always be a part of who you are. Continue to explore what inspires your faith.

As part of your experience here, you had to engage with new ideas, meet new people, and push yourself to new levels of understanding. You may have tried ice climbing, saved a life as a first responder, learned planting and harvesting skills on our farm, or explored an entirely new discipline outside of your major. All of this required courage and resilience.

Lastly, you arrived here knowing maybe only a few people, and you leave here connected to friends who shared your journey of courage and resilience, faith, and curiosity. Many of these friendships will last you a lifetime. Remember them, and remember Saint Michael's College. You will always have a home here.

Mary-Kate McKenna

Doctor of Humane Letters, *honoris causa*

Mary-Kate McKenna has been a highly successful professional, a tireless and dedicated volunteer, and an enthusiastic and loving mother to four wonderful children and wife to her husband, Jim. After earning an undergraduate degree in English at Saint Michael's College in 1980, Ms. McKenna made her mark in the male-dominated world of high finance, serving in positions at Paine Webber, Morgan Stanley, and finally at Dillon Read & Company, where she became the vice president of corporate bonds.

Living out her dedication to lifelong learning and education, in 2012, Ms. McKenna earned a Master of Science in management from Boston College. Throughout her life, Ms. McKenna has dedicated herself to others. Volunteering and being an active and purposeful member of her community, generously giving her time and talent, has always been a part of her ethos. In addition to her work at a community homeless shelter and tutoring, Ms. McKenna has served on the boards of the Martha's Vineyard Preservation Trust, the Derby Academy, and three terms on the Saint Michael's College Board of Trustees, where she was chair for two of those terms and recognized as Alumna of the Year in 2005 for her numerous volunteer contributions. Ms. McKenna has mentored and advised countless Saint Michael's students who have gone on to their own successful careers and as engaged volunteers and community members.

In an interview for Saint Michael's College on International Women's Day in 2019, Ms. McKenna said Saint Michael's instilled the idea "that we must always be giving back to those who are less fortunate" while we are "trying to make the world a better place." Ms. McKenna has lived that statement throughout her life and her work. She is an example of the spirit that the Edmundites infuse into the community here at Saint Michael's College.

Dan Misleh

Doctor of Humane Letters, *honoris causa*

Dan Misleh's commitment to social action and the social mission of the Catholic church has taken the form of educator, collaborator, activist, founder, and nonprofit leader. For years, Mr. Misleh has been a leading voice on the challenge of climate change, and he is credited for creating a serious and sustained conversation on the topic within the Church through the organization he founded in 2006, Catholic Climate Covenant.

The Covenant is a partnership among 20 national Catholic organizations that has drawn clear links between the Church's social mission and how environmental degradation disproportionately affects the poor and how the environment's protection is a common good for all. Mr. Misleh has addressed countless audiences, from national environmental and religious leaders to high school students and teachers. He has written numerous articles and has been quoted in *The Washington Post*, *The New York Times*, *Catholic News Service*, *America Magazine*, and *National Catholic Reporter*, among others.

Under Mr. Misleh's leadership, the Covenant launched Catholic Energies, a program designed to help Catholic facilities realize significant savings through smart energy efficiency and renewable energy technologies, particularly solar. To date, Catholic Energies has installed \$20 million of solar projects in 14 states and territories.

Mr. Misleh has served the U.S. Conference of Catholic Bishops as a policy advisor and later as the director of diocesan relations for the Department of Justice, Peace, and Human Development.

Recognized by his peers for his dedication and commitment, in 2015, he received the Harry A. Fagan Award from the Roundtable Association of Catholic Social Action Directors for his "unique contributions made to the achievement of the Catholic vision of social justice in the national or international community."

PHI BETA KAPPA

Phi Beta Kappa, the nation's oldest and largest academic honor society, was founded on December 5, 1776, at the College of William and Mary. The society exists to honor and promote excellence in the liberal arts and sciences. Students inducted must not only have a high grade point average, but must also have studied a foreign language and mathematics at the college level and must have pursued a course of study with great breadth in the liberal arts. The Gamma of Vermont chapter at Saint Michael's was installed on April 16, 2004, after a three-year application process. Only 286 of the nation's colleges and universities have been authorized by the Phi Beta Kappa Society to shelter a chapter.

A BRIEF HISTORY OF SAINT MICHAEL'S COLLEGE

Saint Michael's Institute was founded in 1904 at Winooski Park, Vermont, by members of the Society of Saint Edmund. These priests and brothers, known as Edmundites, took Saint Edmund of Canterbury, the 13th century Archbishop of Canterbury, as their patron saint. Saint Edmund led a rich and varied life, teaching at universities in Oxford and Paris and playing an instrumental role in the construction of Salisbury Cathedral. His final resting place in Pontigny, France, is where the Society of Saint Edmund first began its ministry in 1843. The Edmundites came to Vermont via Canada in the late 19th century, after French social and political developments dispossessed many Catholic institutions. They bought the land where today's College stands from a local farmer, Michael Kelly, turning the original farmhouse into what became Founders Hall.

As the school developed into an American-style college, the farmland became a campus. Founders Hall (1904), the only building in the early years, was later supplemented by Jeanmarie Hall (1921). Saint Michael's grew gradually in its first forty years, reaching an enrollment of about 250 students by the end of World War II. After the war, with the return of military veterans, the College's enrollment expanded dramatically to some 1,145 students. Barracks acquired from nearby Fort Ethan Allen served as classroom buildings, the library, and student residences.

The College first followed a curriculum deeply rooted in the classical European liberal arts tradition, including mandatory Greek and Latin. In 1951, the dean and future president, Reverend Gerald E. Dupont, SSE, initiated the Saint Michael's Plan, which focused on the intellectual growth of students through studies informed by Catholicism while meaningfully engaged in the secular world.

Saint Michael's became fully co-educational in 1971 and today attracts students from around the country and around the world. In 2003, Saint Michael's was invited to join the elite group of colleges and universities that shelter chapters of Phi Beta Kappa, the nation's most prestigious academic honor society. Graduates have been named Rhodes Scholars, Pickering Undergraduate Fellows, Fulbright Scholars, and in recent years, a student was a prestigious Goldwater Scholar, the most competitive recognition for an undergraduate science student in the United States. Saint Michael's is regularly among the top producers of Fulbright scholars and continues to be an official Peace Corps Prep Site for undergraduates. The Saint Michael's Playhouse, started in 1947, brings professional summer theater to the community as well as a range of educational opportunities and internships for Saint Michael's undergraduate students. In 1969, Saint Michael's Fire & Rescue was created under the leadership of Don "Pappy" Sutton. Today, student volunteers run Fire & Rescue to serve the campus and surrounding communities, responding to over 3,000 calls a year.

Over the last few decades, the Edmundite community has transferred major responsibilities for the operation of Saint Michael's College to lay leadership. However, their presence on campus remains an inspiration and guiding spirit for the institution's Catholic character. In its second century, Saint Michael's has continued to educate students and serve our community with the faith, promise, and purpose that is our legacy.

THE SAINT MICHAEL'S COLLEGE MACE AND PRESIDENTIAL INSIGNIA

The College mace is carried by the grand marshal in each academic procession. The mace was designed and crafted by the late Roy A. Kennedy, professor of fine arts. The head of the mace is crowned by a figure of Saint Michael the Archangel seated on the Earth, and the base of the staff features the cross of the Society of Saint Edmund.

The College's presidential insignia is worn by the president at formal academic events. It is a necklace bearing a large medallion depicting the official seal of the College. Along the chain upon which the medallion is suspended are smaller discs bearing the names and terms of office of all of the College's presidents.

The color of the Saint Michael's College presidential robe is purple with black chevrons edged in gold.

ACADEMIC REGALIA

The cap, gown, and hood are prominent symbols in academic ceremonies such as a Presidential Inauguration or Commencement and date back to European and British universities of the Middle Ages. The cap and gown indicate that the wearer has graduated from a university or college. The hood shows the degree the wearer holds.

The Intercollegiate Commission has established a code that regulates the academic costume. Bachelors' gowns have pointed sleeves and are generally worn closed. Masters' gowns have long, oblong sleeves and may be worn open or closed. Doctors' gowns have bell-shaped sleeves, each bearing three horizontal velvet bars. Down the front, doctors' gowns have velvet facing. The velvet facing and sleeve bars may be either black or the color distinctive of the wearer's department of learning. Those holding the doctoral degree may also choose a doctoral gown in the colors of the university from which the degree is granted rather than the more common black gown, hence some of the more colorful examples in today's academic procession. The brilliant crimson of Harvard University, orange from Syracuse, brown from Brown University, and green from Michigan State and Dartmouth are worn by some members of the Saint Michael's faculty and staff.

Caps worn with the bachelors' and masters' gowns generally have a black tassel; the doctor may wear a gold tassel. Gold tassels are also worn by bachelor's degree recipients who have achieved Latin honors in their overall programs of study.

Hoods are normally black, with a colorful lining indicating the color or colors of the college or university conferring the degree. Purple and gold are the colors of Saint Michael's College. The hood is bordered with velvet; the color of the velvet represents the department of learning. The colors associated with academic subjects appear below.
