

Saint Michael's College Ski Center

New life for a historic building: an investment in our future

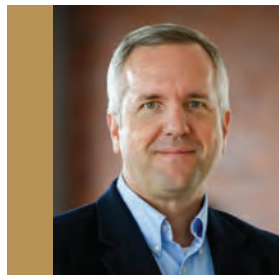

Greatness on the rise

*Saint Michael's Alpine and Nordic teams are the best they've ever been.
It's time to take them to the next level.*

Saint Michael's College is proud to announce plans for a dedicated ski center, designed to meet the unique demands of our Alpine and Nordic ski teams. With an investment from Saint Michael's and committed support from alumni, parents and the local community, the Ski Center is tentatively scheduled to open in late September 2023, over Alumni and Family Weekend.

The conversion of Senior Hall into our new Ski Center will be transformative for our Alpine and Nordic ski teams. It will set them apart and allow us to provide a distinctive, custom space to support our standout skiers in practical and inspiring ways.

— Chris Kenny '86, Athletic Director

Help us cross the finish line

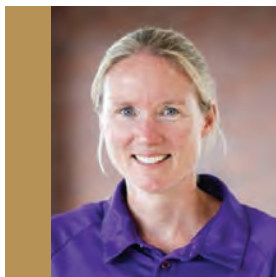

In order to start the renovation project to convert the first floor of Senior Hall into a functional space for the Alpine and Nordic teams, the total cost for the project needs to be fully funded. **This is a tremendous undertaking that will have a lasting and positive impact on some of Saint Michael's best and most promising athletes, now and far into the future.**

Please consider making a gift or pledge to the Ski Center today. This is the perfect opportunity to remember a favorite skier, honor a friend and ensure that teams well into the future know that they have the support of the St. Michael's community as they face the chilly challenges of their sport. However you choose to support the Ski Center, **your gift will have a lasting impact on the ski program and is truly appreciated.**

For more information and details on how to support the Ski Center, or to learn about exciting naming opportunities, *please contact: Carla Francis, Major and Planned Gift Officer, at cfrancis@smcvt.edu or 802-654-2618.*

The teams will benefit tremendously from having this new and dedicated space. It will not only give us more room and better waxing facilities, but a place to gather and bond. The teams will be able to make breakfast before morning practice and watch video after our sessions. It will be key to taking the teams to the next level.

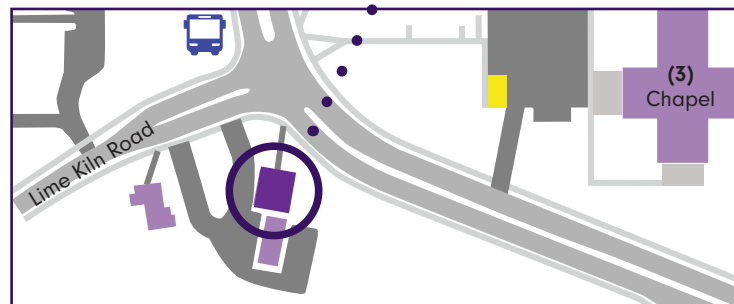

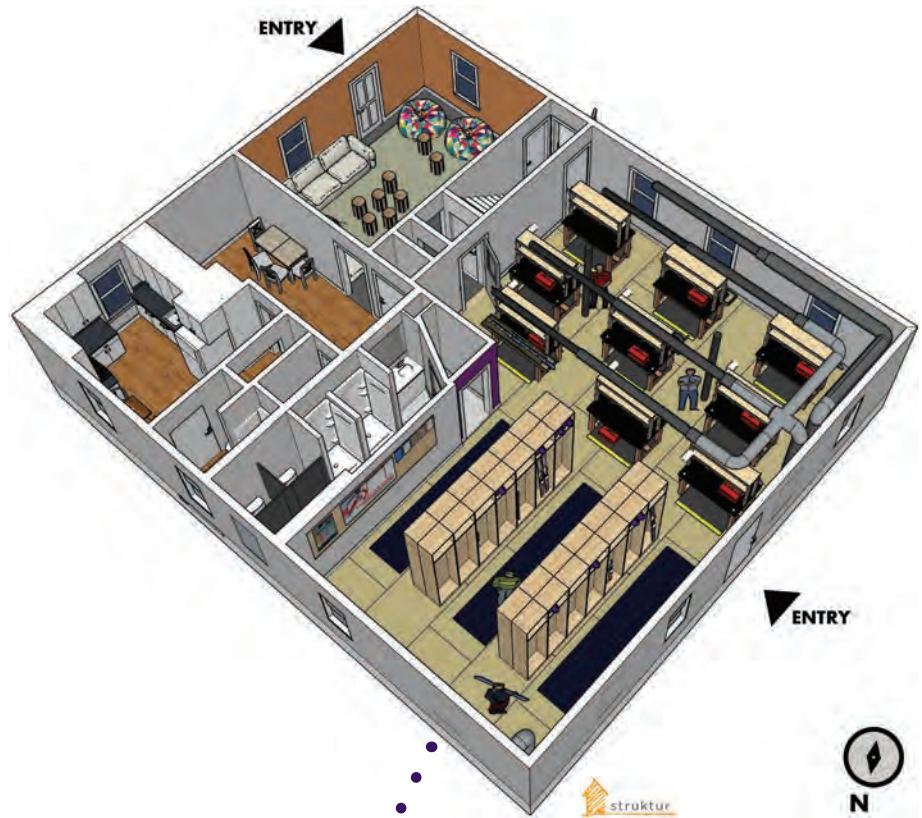

— Molly Peters, Nordic Ski Coach

History-making today, higher profile tomorrow

This capital initiative is an exciting addition that **will propel the world-class Purple Knight Alpine and Nordic ski teams to new heights**. Hailing from around the world and across the country, our current roster of skiers made the 2022-23 season one for the record books.

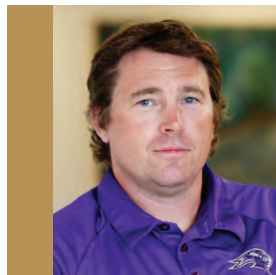

From regular season carnivals to postseason NCAA championships, **our ski teams continue raising the bar**. In 2023 alone, they set school records for team placement, podium finishes (10) and All-America performances (5).

The new Ski Center will be a huge recruiting tool to make sure we continue to build the best team possible. I'm extremely excited by the dedication to our teams shown by Saint Michael's, alumni, families, and friends of the program. Thank you so much for your incredible generosity. We're looking forward to another great season ahead.

— Gus MacLeod '02, Alpine Ski Coach
