

## Health Insurance Waiver

Academic Year 2023-2024

Undergraduate students at Saint Michael's College are automatically enrolled and billed the premium for the College's student health insurance plan. Students already enrolled in health insurance coverage that is valid in the United States, and that meets the College's minimum requirements, may request to waive the coverage provided by Saint Michael's College. A representative from your health insurance provider must complete Section 2 below to verify that your insurance meets the minimum requirements.

### Section 1: To be completed by student

*I am requesting a waiver of the Saint Michael's College Student Health Insurance Plan and affirm that I have existing coverage which is valid in the United States through at least May 23, 2024 and which provides at least the minimum coverage specified below. I have reviewed my existing policy to ensure that it provides satisfactory coverage for services, pharmacies and providers located in Vermont, especially providers within the University of Vermont Medical Center network. I understand that I may be liable for any and all payments that my policy does not cover and will be responsible for submitting claims to my health insurance company directly and may need to pay out-of-pocket expenses at time of service.*
